

36" AirBurst

Circulation Fan

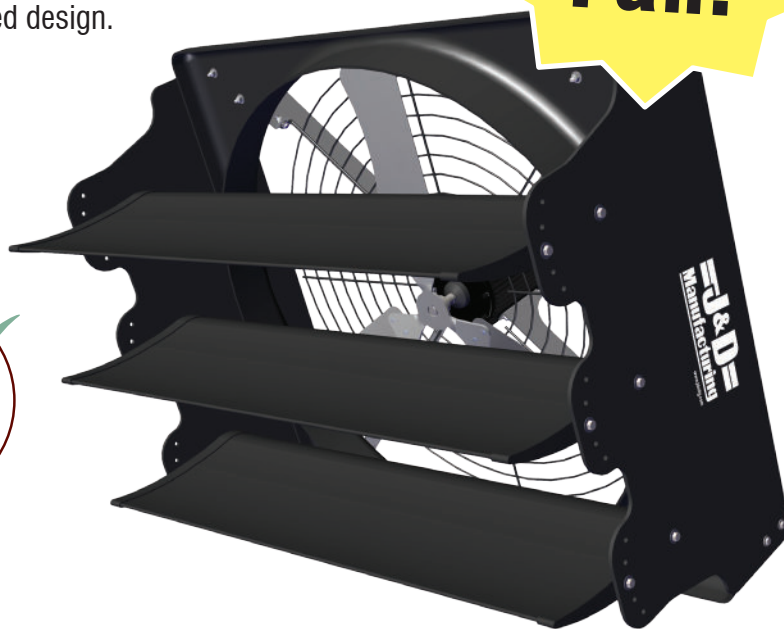

The AirBurst is a powerful 36" barn fan built to deliver high-velocity airflow where space is tight. Whether you're focused on cow cooling, reducing heat stress, or improving air movement across your herd, the AirBurst offers the performance you need in a compact, rugged design.

New Fan!

Ideal for:

- Dairy barns with low ceilings
- Outside row fan placement
- Heat stress reduction
- Year-round barn air circulation

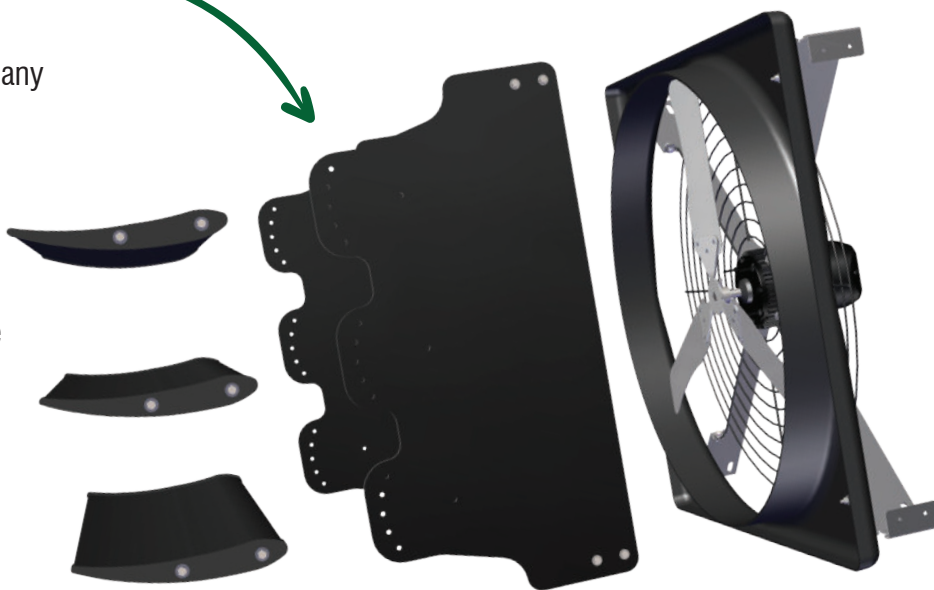

**#Request
TheTest**

Features:

- 36" Fan with Fiberglass Housing
 - Lightweight, corrosion-resistant, and built to withstand harsh barn environments.
- Minimal Assembly Required
 - *Just add the included side panels and louvers.*
- Perfect for Low Ceilings
 - Ideal for the outside row of a barn or any area with limited headroom.
- High-Velocity Air Movement
- Remove dead spaces
- Direct Drive, Gold Star Motor
 - Optimized for quiet operation
 - 3-phase is variable speed compatible (*Requires variable speed control, not included.*)
- Made in the USA!
- Fast lead times
- PROVEN, tested performance data

Shown with optional guard.
